

This report summarises the conclusions reached by the T. Bailey Fund Services Limited Board of Directors ("TBFS") and the TBFS Fund Governance Committee ("FGC") on whether the TB Wise Multi-Asset Growth Fund (the "Fund") has delivered value to investors during the period. The framework used by TBFS takes into account seven criteria as outlined below. In order to reach this conclusion, TBFS has analysed Fund information on costs, services and performance and has also made comparisons where appropriate. TBFS has also engaged with Wise Funds Limited ("Wise"), the Investment Manager and Sponsor of the Fund, as part of the process. This report is a summary of the overall conclusions reached, split by the seven criteria.

The overall assessment for each criteria is shown by the colour of the circle: Green is satisfactory (the Fund is delivering value based on that measure), Amber means some issues have been identified and Red means the Fund is not delivering value based on that measure and action is required to rectify.

The report concludes with an overall assessment of value which takes into account all of the seven criteria.

Is the performance of the Fund, after charges over an appropriate timescale, in line with the Fund's investment objectives, policy and strategy?

Performance

Review performed:

- Review of Fund performance (after costs) compared to stated objectives (to provide growth over the medium to long term in excess of the Cboe UK All Companies Index and in line with, or better than, the rate of UK inflation (based on the Bank of England's preferred measure of UK inflation, which is currently the Consumer Prices Index (CPI)).

Conclusion:

- The Fund is consistently outperforming both its target benchmarks (stated above) on a cumulative basis over the medium to long term, meaning the Fund has met its stated objectives.
- The Fund has also outperformed its comparator benchmark, the Investment Association ("IA") Flexible Investment Sector over the medium to long term.
- The Fund has strong risk-adjusted performance over the long term compared to the index and sector.

Steps taken as part of, or as a consequence of, assessment:

- Target benchmarks and comparator benchmarks have been clarified and Investment Objective and Policy wording is being reviewed. We continue to review and monitor these to ensure they remain appropriate and transparent.

Are the costs of providing the service reasonable and fair?

Costs

Review performed:

- Review of Fund costs including the Annual Management Charge ("AMC") and other elements which make up the Ongoing Charges Figure ("OCF").

Conclusion:

- Costs charged to the Fund are consistent with Prospectus disclosures and are charged at competitive rates.
- External costs are in accordance with agreed rates.
- Periodic reviews of external provider costs to ensure services are provided on a competitive basis.
- The OCF has remained fairly static over the past five years.

Steps taken as part of, or as a consequence of, assessment:

- TBFS will continue to monitor.

Have economies of scale been passed onto investors as the Fund has grown?

Economies of Scale

Review performed:

- Review of total Fund costs (OCF) over time compared to Fund size.

Conclusion:

- The Fund is £57m in size and the Fund size has grown slightly over the past five years.
- The OCF has remained fairly static over this period.
- The AMC is not tiered.
- No savings from economies of scale could be achieved due to the size of the Fund.

Steps taken as part of, or as a consequence of, assessment:

- TBFS will continue to monitor.

Comparable Market Rates

Are the Fund costs reasonable when compared to other comparable Funds?

Review performed:

- Review of Fund OCF compared to other Funds in the IA Flexible Investment sector and also against a more focussed list of peers.

Conclusion:

- The Fund OCFs are slightly higher than the median of all Funds within the sector but are in line with Funds of a similar size.
- The Fund OCFs are also comparable to Funds of a similar size in a more focussed list of peers.

Steps taken as part of, or as a consequence of, assessment:

- TBFS will continue to monitor.

Comparable Services

Are the services provided to the Fund good value when compared to other services provided by the Authorised Corporate Director ("ACD") / Investment Manager?

Review performed:

- Comparison of rates charged by the ACD to the Fund with rates charged to other mandates.

Conclusion:

- The amounts charged to the Fund are reasonable in light of the Fund size and services offered when compared to other services provided by the ACD to other mandates.

Steps taken as part of, or as a consequence of, assessment:

- TBFS will continue to monitor.

Classes of Units

Do any shareholders hold shares in classes subject to higher charges than those applying to other classes with substantially similar rights?

Review performed:

- Review of shareholders in all share classes.

Conclusion:

- A number of investors remain in the higher charging A class who are eligible to move into the cheaper B class.
- Investors within the B and W share classes are not subject to substantially similar rights.

Steps taken as part of, or as a consequence of, assessment:

- TBFS is in the process of writing to relevant shareholders in the A class to inform them of a compulsory conversion into the B class.

Quality of Service

Is the range and quality of services provided to investors of good quality?

Review performed:

- Review of range and quality of all services provided to shareholders. This review involved identification of services and assessment of quality via review of relevant key performance indicators ("KPIs").

Conclusion:

- The range of services provided by the Investment Manager, the ACD and other third parties is comprehensive.
- The quality of services provided by the Investment Manager, the ACD and other third parties is high.
- The level of Fund charges is therefore felt to be commensurate with the range and quality of services provided.

Steps taken as part of, or as a consequence of, assessment:

- TBFS will continue to monitor.

Overall Assessment

Conclusion - Overall Assessment

TBFS's assessment (as the ACD of the Fund) is that the TB Wise Multi-Asset Growth Fund has delivered overall value to investors over the period.
