

T. Bailey Fund Services Limited ("TBFS") in its capacity as the Authorised Corporate Director for the TB Wise Multi-Asset Growth Fund (the "Fund") continuously reviews the value the fund delivers to investors throughout the year. This annual report enables TBFS to provide you with its assessment that the Fund delivers value on a consistent basis. Where issues have been identified, TBFS is engaged, seeking improvements.

This report summarises the conclusions reached by the TBFS Board of Directors and the TBFS Fund Governance Committee ("FGC") on whether the Fund has delivered value to investors during the period. The framework used by TBFS takes into account seven criteria as outlined below. In order to reach this conclusion, TBFS has analysed Fund information on costs, services and performance and has also made comparisons where appropriate. TBFS has also engaged with Wise Funds Limited ("Wise"), the Investment Manager and Sponsor of the Fund, as part of the process. This report is a summary of the overall conclusions reached, split by the seven criteria.

The overall assessment for each criteria is shown by the colour of the circle: Green is satisfactory (the Fund is delivering value based on that measure), Amber means some issues have been identified and Red means the Fund is not delivering value based on that measure and action is required to rectify.

The report concludes with an overall assessment of value which takes into account all of the seven criteria.

Is the performance of the Fund, after charges over an appropriate timescale, in line with the Fund's investment objectives, policy and strategy?

Performance

Review performed:

- Review of Fund performance after costs compared to its stated objectives to provide capital growth over Rolling Periods of five years in excess of the Cboe UK All Companies Index and in line with or in excess of the Consumer Price Index ("CPI"), in each case after charges.

Conclusion:

- The Fund is consistently outperforming both of its target benchmarks (as stated above) over rolling periods of five years, meaning the Fund has met its stated objectives.
- The Fund has also outperformed its comparator benchmark, the Investment Association ("IA") Flexible Investment Sector over the same period.
- The Fund also has strong risk-adjusted returns compared to the index and sector over the last five years.

Steps taken as part of, or as a consequence of, assessment:

- None.

- Review of Fund costs including the Annual Management Charge ("AMC") and other elements which make up the Ongoing Charges Figure ("OCF").

Have economies of scale been passed onto investors as the Fund has grown?

Economies of Scale

Review performed:

- Review of total Fund costs (OCF) over time compared to Fund size.

Conclusion:

- The Fund is £89m in size and the Fund size has grown over the past five years.
- The introduction of Investment Trust OCFs within the underlying OCF calculation that the Fund invests in (due to a change in regulation) has contributed to a large increase of the Fund's OCF in the last 12 months.
- No savings from economies of scale could be achieved due to the size of the Fund.

Steps taken as part of, or as a consequence of, assessment:

- None.

Comparable Market Rates

Are the Fund costs reasonable when compared to other comparable Funds?

Review performed:

- Review of Fund OCFs compared to other Funds within the IA Flexible Investment sector.

Conclusion:

- Due to the increase in the underlying OCF of the Fund as described in the previous section, the OCFs of the Fund are higher than the median of all Fund of Funds within the sector.
- The OCFs are also slightly higher when compared to Fund of Funds of a similar size within the sector.

Steps taken as part of, or as a consequence of, assessment:

- TBFS continue to monitor the OCFs of the Fund against comparable funds.

Comparable Services

Are the services provided to the Fund good value when compared to other services provided by the Authorised Corporate Director ("ACD")?

Review performed:

- Comparison of rates charged by the ACD to the Fund with rates charged to other mandates.

Conclusion:

- The amounts charged to the Fund are reasonable in light of the Fund size and services offered when compared to other services provided by the ACD to other mandates.

Steps taken as part of, or as a consequence of, assessment:

- None.

Classes of Units

Do any shareholders hold shares in classes subject to higher charges than those applying to other classes with substantially similar rights?

Review performed:

- Review of shareholders in all share classes.

Conclusion:

- Investors within the B and W share classes are not subject to substantially similar rights.

Is the range and quality of services provided to investors of good quality?

Conclusion:

- The range of services provided by the Investment Manager, the ACD and other third parties is comprehensive.
- The quality of services provided by the Investment Manager, the ACD and other third parties is high.
- The level of Fund charges is therefore felt to be commensurate with the range and quality of services provided.

Steps taken as part of, or as a consequence of, assessment:

- None.
