

Please note that on the 8th March 2024 the ACD of the fund transferred to Investment Fund Services Limited (IFSL). As WFSL was still ACD for the fund as at the reporting date, this report has been prepared by WFSL, however it has been published on the IFSL website.

Waystone Fund Services (UK) Limited ("WFSL") in its capacity as the Authorised Corporate Director for the WS Wise Multi-Asset Income Fund (the "Fund") continuously reviews the value the fund delivers to investors throughout the year, this annual report enables WFSL to provide you with its assessment that the Fund delivers value on a consistent basis. Where issues have been identified, WFSL is engaged, seeking improvements.

This report summarises the conclusions reached by the WFSL Board of Directors on whether the Fund has delivered value to investors during the period. The framework used by WFSL takes into account seven criteria as outlined below. In order to reach this conclusion, WFSL has analysed Fund information on costs, services and performance and has also made comparisons where appropriate. WFSL has also engaged with Wise Funds Limited ("Wise"), the Investment Manager and Sponsor of the Fund, as part of the process. This report is a summary of the overall conclusions reached, split by the seven criteria.

The overall assessment for each criteria is shown by the colour of the circle: Green is satisfactory (the Fund is delivering value based on that measure), Amber means some issues have been identified and Red means the Fund is not delivering value based on that measure and action is required to rectify.

The report concludes with an overall assessment of value which takes into account all of the seven criteria.
